

## **Selected Bibliography<sup>1</sup>**

### **If LNG Comes to California, How Should California Ensure That Consumers Benefit?**

### **The Global LNG Market, Terminal Access, and Maintaining Deliverability of Natural Gas Supply**

**June 1-2, 2005**

**Secretary of State's Auditorium, Sacramento, CA**

#### **I. Information Relating to the LNG Market**

##### **a. Global**

1. Energy Information Administration. *Global Liquefied Natural Gas Market: Status and Outlook*, December 2003.
2. Jensen, James T. *The Development of a Global LNG Market. Is it Likely? If So, When?* Oxford Institute for Energy Studies, 2004.
3. Jensen, James T. "The LNG Revolution," *Energy Journal of the International Association for Energy Economics*, Volume 24 (2), 2003.
4. Nissen, David. "Commercial LNG: Structure and Implications," presented at seminar on managing energy markets, May 26, 2004.
5. Odawara, Youichi. "Accelerating Changes in the LNG Chain," Institute for Energy Economics, Japan, November 2004.
6. Soligo, Ronald and Amy M. Jaffe, "Market Structure in the New Gas Economy: Is Cartelization Possible?," working paper produced for Geopolitics of Natural Gas Study Project sponsored by the Program on

<sup>1</sup> This list is only intended to provide people interested in the subject matter of the workshop a starting point for their own research. It is limited to information that has been made publicly available since, unless otherwise noted, all of these materials are posted on the Energy Commission's website, <http://www.energy.ca.gov/lng>. People who are reading documents on the Energy Commission's website can click on the document name and should be taken directly to the document. If a reader is aware of additional materials that are publicly available that should be included on this list and posted on the Energy Commission's website, the reader should inform Mary Dyas at [mdyas@energy.state.ca.us](mailto:mdyas@energy.state.ca.us).

Energy and Sustainable Development at Stanford University and the Baker Institute for Public Policy at Rice University, May 2004.

**b. Asia-Pacific**

7. Ball, Allison *et al.*, *The Asia-Pacific LNG Market – Issues and Outlook*, Australia Bureau of Agricultural and Resource Economics (“ABARE”) Research Report, November 2004.
8. Resources Law International. *Great Expectations: Cross-Border Trade in Natural Gas in APEC Economies*, Prepared for Asia-Pacific Economic Cooperation Energy Working Group, November 2004.
9. Skeer, Jeffrey. “Asian LNG Trade and Gas Market Reform: Implications for Gas and Power Consumers,” Oxford Institute for Energy Studies, November 2004.
10. Suzuki, Takeo *et al.* “LNG Supply-Demand Trends in Natural Gas in the Asia-Pacific Region,” Institute for Energy Economics, Japan, August 2004.

**c. North America**

11. North American Energy Working Group: Experts Group on Natural Gas Trade and Interconnections, *North American Natural Gas Vision*, January 2005.

**d. United States**

12. Fesharaki, Fereidun *et al.* *Evaluating Liquefied Natural Gas (LNG) Options for the State of Hawaii*, Prepared for Hawaii Energy Policy Project, University of Hawaii at Manoa, January 2004.
13. Jensen, James T. *U.S. Reliance on International Liquefied Natural Gas Supply*, Prepared for the National Commission on Energy Policy, February 2004.
14. Weissman, Andrew D. “The Critical Need to Examine More Carefully the Role of Liquefied Natural Gas (LNG) in Meeting Future U.S. Energy Needs,” Energy Ventures Group, Spring 2005.
15. Wolak, Frank A. “Liquefied Natural Gas (LNG) is Essential to California’s Energy Future,” Policy Brief: Stanford Institute for Economic Policy Research, December 2004.

## **II. Information Relating to LNG Terminal Access**

### **a. United States**

16. Deepwater Port Act, 33 U.S.C. § 1501 *et seq.*
17. Deepwater Port Act regulations, 33 C.F.R. Parts 148, 149, and 150, available at <http://straylight.law.cornell.edu/cfr/>.
18. Deepwater Port Act license for Port Pelican and associated correspondence, 2004.
19. Deepwater Port Act license for Energy Bridge, 2004.
20. Federal Energy Regulatory Commission. Natural Gas Markets Conference, PL02-9-000, 2002. Docketed materials available at FERC's website, <http://www.ferc.gov>, in the elibrary.
21. Federal Energy Regulatory Commission. "Preliminary Determination on Non-Environmental Issues for Hackberry LNG Terminal, L.L.C.," Docket Nos. CP02-374-000 *et al.*, 101 FERC ¶ 61,294 (2002).

### **b. Europe**

22. Gas Transmission Europe ("GTE"). "GTE Position – LNG Business Rules," July 2, 2004.

#### **• European Union**

23. The European Parliament and the European Council. Directive 2003/55/EC of the European Parliament and of the Council of 26 June 2003 concerning common rules for the internal market in gas and repealing Directive 98/30/EC. See Article 22.
24. The European Commission. Exemptions from Certain Provisions of the Third Party Access Regime – Note of DG Energy & Transport on Directives 2003/54-55 and Regulation 1228\03 in the Electricity and Gas Internal Market, 30.1.2004.

#### **• United Kingdom**

25. Department of Trade and Industry ("DTI")/Office of Gas and Electricity Markets ("Ofgem"). "LNG Facilities and Interconnectors: EU Legislation and Regulatory Regime – DTI/Ofgem initial views," June 2003.

26. Department of Trade and Industry/Office of Gas and Electricity Markets. "LNG Facilities and Interconnectors: EU Legislation and Regulatory Regime – DTI/Ofgem final views," November 2003.
27. Office of Gas and Electricity Markets. Final decision on application for exemption from third-party access requirements for South Hook LNG Terminal Ltd. entitled "Application by South Hook LNG Terminal Company Ltd (SHTCL)(owned by Qatar Petroleum and ExxonMobil) under section 19C of the Gas Act 1986 for an exemption from section 19D of the Gas Act 1986 – Ofgem final views," November 2004.
28. Office of Gas and Electricity Markets. Final decision on application for exemption from third-party access requirements for Grain LNG Ltd. entitled "Application by Grain LNG Ltd under section 19C of the Gas Act 1986 for an exemption from section 19D of the Gas Act 1986 – Ofgem final views," December 2004.
29. Office of Gas and Electricity Markets. Final decision on application for exemption from third-party access requirements for Dragon LNG Ltd. entitled "Application by Dragon LNG Limited under section 19C of the Gas Act 1986 for an exemption from section 19D of the Gas Act 1986 – Ofgem final views," February 2005.
30. Stern, Jonathan and Anouk Honore. "Large Scale Investments in Liberalised Gas Markets: The Case of UK," Oxford Institute for Energy Studies – Gas Research Programme, 2004.

### **III. Information Relating to Maintaining Deliverability of Supply**

#### **a. Global**

31. Hayes, Mark H. and David G. Victor. "Politics, Markets, and the Shift to Gas: Insights from Seven Historical Case Studies," will appear in forthcoming book entitled *Natural Gas and Geopolitics*, February 2005.
32. International Energy Agency. Executive Summary of *Security of Gas Supplies in Open Markets – LNG and Power at a Turning Point*, 2004. Rest of document available for sale at <http://www.iea.org/bookshop/>.
33. Jaffe, Amy M. and David G. Victor. "Gas Geopolitics: Visions to 2030," will appear in forthcoming book entitled *Natural Gas and Geopolitics*, February 2005.

b. **United States**

34. Brager, Jeff. "LNG Safety & Security," Presentation by U.S. Coast Guard to LNG working group, 2005.

c. **Europe**

35. Dolader, Jordi. "Gas Security of Supply in Spain, a Liberalised Market." Prepared for the International Energy Agency, 2002.
36. Stern, Jonathan. "Security of European Natural Gas Supplies: The Impact of Import Dependence and Liberalization," The Royal Institute of International Affairs – Sustainable Development Programme, July 2002.
